EASTER MASS SOUND HEALING CONCERT HAPPENING!

As mentioned in our last newsletter in November, the concerts with Don Conreux and many others are well and truly past the planning stage. These concerts are going to be amazing affairs, with so many top class performers and the variety and number of so many instruments being played on the nights.

Check out the full story of who is performing on our upgraded new web site www.quietcone.com/workshops.

With over 20 gongs around the audience, including many of the large 36" and 40" gongs, the sounds will be quite incredible. The new SOR venue at The Leeming Recreation Centre is bigger and more conducive than last year, with perfect acoustics and flooring, for the maximum effect of the awesome vibrations.

Don's ensemble from Europe has many years of Sound Healing expertise and it will be wonderful to witness these skills used in this atmosphere of pure ENERGY.

It has already become quite evident that what was achieved last year, will be nothing in comparison to this Easter. With so many more performers, instruments and upgraded equipment, the experience promises to be very memorable!

So please help us to raise money for the Bali Crisis Care Foundation by spreading the word, and encouraging your friends and family to join you for a night to remember. It's only \$45 each and all the profits are to charity.

Bookings can be made on 04111 72788 or on info@quietcone.com – credit cards accepted.

Children's sessions

Friday 18th for Kids day at Parkerville?

We have had so many requests from Mum's, Dad's and Grandparents about the possibility of having sessions for children in the cone we have a day planned on the 18th January.

Obviously this day take a different format than the usual one hour session due to a child's attention span, The sessions will be for 8 – 12 year olds with at least one parent attending. The cone session with gongs will last for an initial 20 Minute period followed by an opportunity for each child – and parent – to draw and colour their feelings on the drawing sheet and express anything they felt or saw in a friendly accepting atmosphere. An exploring trip along the Jane Brook (will have stopped running by then) pointing out various interesting things for kids to wonder at will be next, then will be followed with drinks and food.

Morning refreshments will be fresh fruit, juice and sandwiches, with time to think, talk and play.

This is an opportunity for children to experience something very different. If you are interested please

call 9496 3433 to book, the cost for one parent and child is \$35 and you will need to allow up to 3 hours for the experience.

Keep in mind we are adjacent to John Forrest National Park which is a wonderful opportunity to further explore the wonders of nature.

Parents may be required to lie with their child on the shared mat or sit beside them on a cushion.
